## **D.J. Eckstrom wins Bronze medal at ESPN X Games**

**Aspen , Colorado**

**The whole Scheuring speed sports team put on a great performance at the Twelfth ESPN Winter X games. “Our sleds were working great as soon as we unloaded them from the transporter” Steve Scheuring said “The whole practice session was spent fine tuning rather than playing catch up”**

**Both D.J. and Shaun advanced immediately into the final with a top two finish in their transfer heats. In the final D.J. got off to a great start and was running at the front of the pack. Meanwhile Shaun got tangled up in the second corner. Shaun worked his way back up to a respectable Ninth place finish. D.J. ran in the top three the whole race and when the checkered flag dropped the Bronze medal belonged to D.J.**

**In Yellowstone the week before D.J. also reached the podium in Pro Stock and just missed the podium in Pro Open with a fifth place finish. D.J. has been on the podium five times in five races. Shaun has finished in the top ten every race and is just missing the podium by one or two places.**

**Next week is on to Syracuse New York for Round Five**
