## AnMed Health's Home Care specializes in meeting the home healthcare needs of Anderson area residents.

Our professional healthcare staff is available to consult with you and assist you with individual health needs. We work closely with you, your family and other members of your healthcare team to offer a wide range of quality home healthcare services. AnMed Health Home Care offers:

- A full range of home care services and products that includes mind, body and spirit healing items.
- A safe transition from hospital to home.
- Professional services with a personal touch.
- Medicare and insurance billing.
- 24-hour on-call service, 7 days a week.

### Pharmacy

A local pharmacy well-known for having a "prescription for service," AnMed Health Pharmacy offers:

- Prompt personal service
- Thorough patient consultation by a pharmacist
- Compounding specialists to meet special needs
- Refills at three locations

### Medical Equipment

A complete inventory of medical equipment items includes wheelchairs, bathroom aids, walking aids, support and surgical hose, beds, cushions, braces, seat-lift chairs as well as health promotion items.

AnMed Health Medical Equipment offers:

- Free home delivery, set-up, training and pick-up.
- Power mobility, diabetic shoes and supplies.
- On line ordering for durable medical equipment [www.anmedhealthhomecare.com](http://www.anmedhealthhomecare.com)

### Lifeline

Independence for life is available with the Lifeline personal emergency response system. Lifeline subscribers receive:

- Service—24 hours a day, 365 days a year.
- Is easy to use—help is just a push of a button away.

### Home Oxygen

AnMed Health's highly trained respiratory staff will train you and family members in the use of oxygen concentrators, liquid oxygen, nebulizers, CPAP, BiPAP, apnea monitors and volume ventilators in the home. AnMed Health Home Oxygen staff stress the "human element" of providing oxygen services, which include:

- Clinical follow-up by respiratory care practitioners for oxygen and volume ventilator patients
- Expertise in simple to complex respiratory care
- Convenient home oxygen delivery and equipment maintenance
- One-on-one education that promotes health and independence

### Home Infusion

"When going home is the best," AnMed Health Home Infusion is there, offering:

- Infusion therapy begun in the physician's office or hospital and continued in the home (includes intravenous nutrition, antibiotics, chemotherapy and other IV medications)
- A safe, cost-effective alternative to lengthy hospital stays
- Training for patients and family members by a registered nurse or pharmacist
