# ALTERNATING PRESSURE SUPPORT SURFACE

The Masonair™ AS•5000 offers an extraordinary therapeutic surface for the prevention and treatment of pressure sores. The powerful, yet quiet air pump provides sophisticated, user-friendly operation. The AS•5000 incorporates a system of 20 individual bladders. The pump offers an 8 minute cycle time; adjustable comfort settings for the individual patient's needs; a "static" feature for constant low pressure support and an internal pressure control sensor that continually monitors surface pressure for optimal pressure relief.

## BENEFITS AND FEATURES

### FOR THE HOME CARE AND LONG TERM MARKETS

#### MATTRESS & COVER

- Removable, non-shear, anti-microbial fully enclosed cover encapsulates the entire 20 bladder mattress.
- CPR feature allows for rapid deflation of mattress system.
- Overall dimensions: 35" x 79" x 8"
- Weight: 12.4 lbs.
- Alternating cell depth: 8"

#### POWERLOFT PRO™ APM500 PUMP

- High flow pump with 4-6 liters per minute.
- Soft/Firm Dial to obtain custom patient comfort pressure levels.
- Low pressure Alarm LED, an audio visual alarm indicating when the mattress pressure is very low (when mattress hose is disconnected or when pump stops working).
- Static function to enable cells from alternating.
- Hospital grade UL/CSA approved power cord.
- Low pressure Alarm mute function.
- Voltage Range : 110-120/220-240 VAC
- Frequency Range : 50/60 Hz
- Dimension : 12" x 7.5" x 4"
- Weight : 6.2 lbs

- 15 Month Non-Prorated warranty
- Protected by \$5,000,000 in Product Liability Insurance

- # AS5000 Masonair AS•5000™ System
- # AS5120 Powerloft Pro™ APM500 Pump (only)
- # AS5125 20 Bladder Mattress (only)
- # AS5140 Replacement Mattress Cover
