Re: Premier One Back Cushion (Models 8030, 8031, 8032, 8033)

Dear Mr. Goldstein:

This letter is in response to your recent inquiry for coding verification of the above listed product(s) manufactured and/or distributed by your company. The Statistical Analysis Durable Medical Equipment Regional Carrier (SADMERC) has reviewed the documentation and information submitted for HCPCS Coding. The SADMERC conducts reviews of products to determine the correct HCPCS code(s) of DMEPOS product(s) for Medicare billing.

It is our determination that the Medicare HCPCS code(s) to bill the four Durable Medical Equipment Regional Carriers (DMERCs) is/are:

**E2611 General use wheelchair back cushion, width less than 22 inches, any height, including any type mounting hardware.**

**E2612 General use wheelchair back cushion, width 22 inches or greater, any height, including any type mounting hardware.**

This HCPCS coding decision applies to the submitted product(s) as presented to and reviewed by the SADMERC. Any modifications to the product(s) could change the HCPCS code and would need to be reviewed for coding verification. The assignment of a HCPCS code to the product(s) should in no way be construed as an approval or endorsement of the product(s) by SADMERC or Medicare, nor does it imply or guarantee claim reimbursement or coverage. For questions regarding claim coverage or reimbursement please contact your regional DMERC.
