ShearCare™ 500

A pressure reducing foam mattress specifically created for facilities with limited budgets without sacrificing the benefits of a pressure reducing mattress system. This three (3) zoned mattress is comprised of 670 individual cells that are independent from one another. This design allows the mattress to conform to the patient's contour and customize support as the patient moves. Superior pressure reduction is achieved by varying cell depths throughout the mattress zones. Specific attention is given to the vulnerable heel section to minimize interface pressure.

Features and Benefits:

- **TOP COVER: UNITEK™ II NYLON**
Non-shear; low moisture vapor transmission (LMVT); fluid resistant; anti-microbial / anti-bacterial; fire-retardant.
- **3 PRESSURE ZONES / SOLID - CORE CONSTRUCTION:**

FOAM CORE: CHANNEL CUT HIGH DENSITY POLYURETHANE FOAM
670 individual cells offer superior pressure reduction and anti-shear sleeping surface. Core is fire-retardant and anti-microbial / anti-bacterial.
- **SIDE RAILS: SSPT™ RAIL SYSTEM (SIDE SUPPORT PATIENT TRANSFER)**
Allows for patient security and support during bed transfer.
- **CONTAMINATION BARRIER: MASON'S BARRIER STOP™**
This flap reduces the possibility of contamination of the inner core.
- **BOTTOM COVER: MASONGARD™**
Triple laminate vinyl; fluid resistant; anti-microbial / anti-bacterial; fire-retardant.
- **FIRE-RETARDANT: CALIFORNIA TECHNICAL BULLETIN #117**
- **OPTION: FSBS™ FIRE-STOP BARRIER SYSTEM (FIRE BARRIER)**
Conforms to California Technical Bulletin #129 and the NFPA Life Safety Code 101.
- **WEIGHT CAPACITY: 250 LBS.**
- **WARRANTY: 3-YEAR, NON-PRORATED WARRANTY**
- **SHIPPING METHOD: FedEx Ground / UPS**
- **CAT. NO:** 500 SC-1 36" x 76" x 5.75"
500 SC-2 36" x 80" x 5.75"
500 SC-3 36" x 84" x 5.75"

Interface Pressure Readings Performed By Independent Certified Testing Company
Are Available Upon Request.
