## Fall Foilage

This is a great time of year to ride. Cool breezes and amazing scenery all thru the northeast as the colorfest of changing leaves signals the end of summer. Gather your friends or riding groups and go apple or pumpkin picking, or just cruise the scenic highways and byways and watch the colors go by.

**Remember to always give your bike a check before you ride. Check your brakes and all cables. Check for loose screws. Check all fluids. Most importantly--Check your tire pressure.**

**Enjoy the Ride!**
