FOR IMMEDIATE RELEASE:

March 21st, 2010

Team Bauerly competes at the MSRA Hillcross in Brainerd, MN.

Ski-Gull recreation area in Brainerd, MN hosted round 3 of the MSRA Hillcross circuit on Saturday March 20th, 2010. Mother Nature did her best to melt snow during the week but low temps on Thursday and Friday allowed for a long climb for Ross Bauerly and Paul Greenwaldt to show their stuff while the rest of the Team was in Lake Geneva. There were technical sections along with long straits and huge jumps that allowed for some fast and intense racing. Speed Televisions "Lucas Oil On the Edge" show was there to film all the action. As you can see from the results below Team Bauerly continued their Hill-x success and will be interviewed about that in the upcoming show.
