## **Spirit Mountain marks final Hillcross of the season**

Spirit Mountain in Duluth, MN starts the Snocross season and ends the Hillcross season for the team, and it is a perfect location for each. Saturday, April 10<sup>th</sup>, 2010 marked the final day of racing, one that many thought would never happen with the unseasonable spring Minnesota was experiencing, but the crew in Duluth pulled it off once again. With a long fast track at hand, it was a definite challenge to get the top speed out of the sleds in the warm wet snow, but the team again prevailed and had a good showing.

Everyone on the team made the finals in all classes, finished with 15 top 3's, and came home with 6 wins overall, not a bad ending to a great season. It takes a team beyond the riders to make it all possible, from the mechanics to the crew, the families to the friends, and especially the sponsors and supporters that help get this team to the top each and every weekend. Thanks for another great run in 2010!
