## EVENTS IN REVIEW

**July 14th 2007 - Was our monthly Give-A-Way Saturday!** This months drawing was for the Ultimate Picnic which consisted of 16-Omaha gourmet burgers, buns, chips and a 12-pack of coke! This no purchase necessary raffle was held from 9:00am to 2:00pm. The winner was Carol Nurse! View pictures from this event along with others on our website: [www.knhmotorsports.com](http://www.knhmotorsports.com)! It really is worth reading our newsletter!

**July 15th 2007 - The AMA motocross nationals came to the Unadilla valley sports center!** The weather was great as was the racing! Unfortunately James "Bubba" Stewart was injured during practice, bad enough that he did not race the rest of the weekend. With Bubba out and Ricky Carmichael not attending Unadilla the top podium spot was up for grabs. The overall win went to Kevin Windham with Tim Ferry right behind! Check out our website: [www.knhmotorsports.com](http://www.knhmotorsports.com) for pictures from the race!

**July 21st 2007 - K&H held it's second 100-mile Guided Motorcycle Tour!** The ride started from K&H and headed towards Oxford, NY looping back around through Willet, then to Marathon and back towards Little York! There were some really nice curvy roads in this area that were a blast on the bikes! The group took a break in Marathon grabbing a bite to eat for lunch. We had a nice turn out for the tour, thank you to everyone who came! The weather cooperated again and was excellent for riding! **A special thanks goes out again to Chris Maxson for planning and leading the ride! For directions and pictures of the Curvy Corners Ride visit our website!! If you'd like to plan a ride for us contact Corey today, it's a lot of fun!**

**July 22nd - 25th 2007 - Jeff and Corey attended the 2008 Polaris ATV and Ranger Dealer Meeting in beautiful Nashville Tennessee!** The show was an absolute blast, Polaris really goes all out on these meetings! We had a chance to ride the 2008 models at the Polaris demo course, their course was awesome, truly a great test for the new machines! The gang from H-Bomb films was on hand with their ALL NEW Outlaw sport quads giving a high flying show! Team High Lifter brought out their Polaris race quads and Rangers, these were some serious mud machines! For pictures from the trip and information on all the NEW 2008 Polaris ATVs and Rangers visit our website [www.knhmotorsports.com](http://www.knhmotorsports.com)!

**July 28th 2007 - K&H held a guest ATV ride at the Mad Hill ATV Club in Erieville!** We had a nice size group and were able to ride at a good pace and see all the trails! The weather ended up being excellent for the ride! With all the rain the day before the trails were nice and muddy, what a blast! We enjoy planning these rides, they're always fun! Thank you to everyone who came! The Mad Hill ATV Club does a great job with their trails, their system is one of the best in the area! For pictures from the ride visit [www.knhmotorsports.com](http://www.knhmotorsports.com)!

# RIDING GEAR LOWDOWN

This months edition of the Riding Gear Lowdown will feature motorcycle jackets. As the summer temperature starts to climb up to the 80's and 90's we tend to want to get as much air on us as possible. That is not easily accomplished with a riding jacket that is designed to protect us as much as possible, or is there a better answer....

*"Riders should dress in preparation for the worst because they never know what may happen during a ride. Assuming that you won't crash is an impossibility that many riders need to let go of, because no one has the power to prevent every accident" - Brittany Morrow, crash survivor.*

Today we have the advantage of jackets that have CE body armor in the elbows and the shoulders as well as padded spine protection. This kind of protection is built into mesh, textile and leather jackets. Mesh jackets work awesome during the warm summer months, they keep you protected and allow the air to flow through! Just because it is hot or cold outside you should not ride without proper gear. We have in stock all three types of jackets for all your riding needs. Let one of our trained employees help you find the proper jacket for your riding style!
