

Automotive Technician Training Class Registration Form

GM and Chrysler Diesel Service & Repair

Class Instructor: Bill Mays, ASE Certified Master Technician in auto , diesel, engine and electrical. He is certified L1, L2 and alternative fuels, and has been teaching auto technicians since 1991.

Who is this class for: Stay ahead of your competition and learn to service, diagnose and repair today's light duty diesel trucks. Take the mystery out of repairing these oil burners and keep the bays full instead of sending your customers away to the dealer. You could be your town's next truck shop!

Questions? Contact Bill Ferguson at 804-305-6679 or email: wfferguson@vaautomotive.org
