

Automotive Technician Training Class Registration Form

Spring T.P.M.S. Class

Class Instructor: Sean MacKinnon. Since Starting in late 2007, Sean has quickly become TIA's resident TPMS guru. He is a contributing writer to *Today's Tire Industry*, and he oversaw the creation of the TIA TPMS Relearn Chart. Sean travels the country teaching TPMS and Certified ATS courses.

Who is this class for: Owners, Service managers, Technicians and General service technicians. Learn how and what each tool will do and not do! You can explain to a customer what is required to diagnose and repair. You will know what is the best tool to meet your needs and how they work. How to fix the problem the first time correctly.
