

We know, We know But do You?

Advanced TPMS Training 2010

- (1) Are you aware of the new Global Protocol debuting on select 2010 GM vehicles?
- (2) Do you know the difference between the standard GM snap-in TPMS valve stem and the new Global Protocol snap-in TPMS valve stem?
- (3) Are you aware of the new EZ sensors?
- (4) Do you know how to service these sensors?
- (5) Can you perform an ID relearn on an Asian make of vehicle?
- (6) Can you diagnose TPMS malfunctions?
- (7) Are you aware of the wide variety of latest TPMS learn/scan tools available and how to use these tools effectively in your shop?
- (8) Do you know how and when to relearn every single vehicle that comes equipped with TPMS?
- (9) Would you like to know what the industry has in store for the future of TPMS?

Sean MacKinnon will give you the answers to these questions and much more!
