

Task Master™ – Trojan 430A

- Adjustable water drain operators seat.
- Padded steering wheel and shock seat suspension for comfortable operation.
- Accepts all standard category one 3-point implements.
- Hydraulic power steering provides for easy turning even with a full loader bucket.
- Standard 6 spine 1 3/8" Power Take Off (PTO) shaft with standard 540 RPM speed operated all standard PTO powered implements.
- Live hydraulic system provides full time power to 3-point implements, power steering, loader, etc. even when clutch is depressed.
- Foldable ROPS (Roll Over Protective Structure) for going under trees or in garage.
- Foot and hand throttle control for easy operation.
- Two-stage clutch allows you to stop the tractor and/or change gears and keeps a PTO operated implement under full power.
- Sun Shade included free.
- 16 forward speeds assure maximum performance

FEATURES

Engine

- > Three Cylinder Diesel
- > Quick Start Direct Injection
- > Liquid Cooled Engine
- > Foot & Hand Engine Throttle
- > Spin on Oil Filter
- > Dry Paper Air Filter

Instrumentation

- > Hour Meter
- > Engine Oil Pressure Gauge
- > Coolant Temperature Gauge
- > Alternator Amp Meter
- > Engine Speed Gauge

Power Train

- > Selectable 2 or 4 Wheel Drive
- > Dual Stage Clutch
- > Foot Operated Differential Lock
- > Two Speed Live Power Take Off
- > Adjustable Offset Rear Wheels

Lights & Electrical

- > 12 Volt System
- > Heavy Duty Starter
- > Front Headlights
- > Hazard / Signal Lights
- > Brake and Running Lights
- > Dual Rear Work Lights

Tractor Hitches

- > EZ-Stor Swing Type Draw Bar
- > Sway links for Hitch Arms
- > Leveling Lift Links
- > Crank Type Leveling Arm

Safety Equipment

- > Disc Rear Wheel Brakes
- > Parking Brake
- > Safety Start Clutch Switch
- > Foldable ROPS
- > Seat Belts
- > PTO Shield
- > Auto Lock fuel shutoff

Tractor Hydraulics

- > Full Power Steering
- > Live Hydraulic Power
- > Hitch Lowering Speed Control
- > Two Hydraulic Pumps

Other Equipment

- > Rear Wheel Weights

SPECIFICATIONS

Engine	Gross 30 Hp
PTO Hp (dynameter)	29 Hp*
Engine	390 / 1.8 litter
Compression	22:1
Bore & Stroke (mm)	90 x 95
Engine Displacement	110 cu.in.
Engine speed	2400 rpm
Fuel Capacity	8 gal.
Battery Cold Cranking	575 amps
Transmission (4+1x2x2)	16 forward 4 reverse
PTO (Live)	1 3/8" 6-spline
PTO Speed	540/1000 rpm
PTO Clutch	Dry Disc
3-point Hitch	ASAE Cat. 1
Lift Capacity	1360#
Hydraulic Pumps	10 ml /r~6.3g/m
@ 2200 rpm	16 ml /r~9.6g/m
Wheel Base	68"
Wheel Tread	42"~57"
Turning Radius	102"
Overall Length	134"
Overall Width (minimum)	55"
Ground Clearance	13.5"
Height ROPS	89"
Height Steering Wheel	59"
Tractor Weight	3385 lbs
Front Tire Size	6.5 x 16
Rear Tire Size	11.2 x 24
Speed Range	0.24 – 20.3 mph
