

The Fun Sports Spring Service Special

At Fun Sports of Hutchinson, we believe that doing business with us should be mutually beneficial. You get the service and price you expect, and we make a living doing what we love. We have an example of how this can work. We need to keep our service department busy, and you can have your motorcycle, ATV, Personal Watercraft, or boat ready for spring at a discounted rate. Therefore, we are offering you this invitation to get your machine serviced now and beat the spring rush. Many of you have experienced how busy our service department can get once warm weather arrives. Now, you can avoid that wait and be ready to ride with time to spare. Since we live in Minnesota, you never know when the warm-up could hit! We can take care of all your spring service needs; tire change, overhaul, scheduled service, or whatever you need to be ready for the summer ahead. With our pickup and delivery service, you don't need to wait for a warm day to get your bike here. Call now and we will do this either free or at a discounted rate.

Mention this flyer and we will discount both the labor and the parts by 10% until March 30th. Call now to get your name on the schedule.

Call in February for bigger discounts on tires!

Call Fun Sports today at 320-587-9505. Or visit us at www.fun-sports.us for all the latest news, or to shop for parts and accessories! Again, thanks for your business in the past and best of luck in the future!
