**How To Order Engine Overhaul Kits:**

We show over 20 PG engine overhaul kits on this and the next two pages. Their Part #s are tailored to identify specific piston and bearing sizes as described in the example below. Overhaul kits other than the ones listed in this section can be created by your local Thermo King dealer. Just tell their parts department what engine and then specify piston and bearing sizes as below.

**Ordering Example:**

If you need a CT3-44TV Major Overhaul Kit with Standard Pistons, Second undersize Main Bearings and First undersize Rod Bearings, you would order:  
P-44TV-S21

**P-44TV- X X X**

Piston  
Code Here  
Standard = S  
+0.5mm = 1

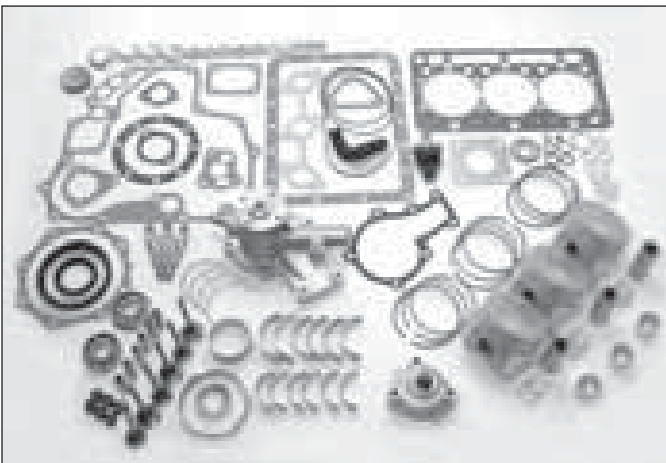

Main Bearing  
Code here  
Standard = S  
-0.2MM = 1  
-0.4mm = 2

Rod Bearing  
Code Here  
Standard = S  
-0.2mm = 1  
-0.4mm = 2

**FOR MAJOR OVERHAULS**, the kits on this and the following pages have all the parts you need in one box.

**FOR MINOR OVERHAULS**, the kits include the same high-quality parts, however they do not include:

- Water Pump
- Oil Pump
- Glow Plugs
- Oil Pressure Switch
- Water Return Hose

**Eng O'haul Kit MAJOR (44TV)**

Order Part #: P-44TV-1SS-B

**Eng O'haul Kit, MINOR (44TV)**

Order Part #: P-44TV-M-1SS-B

Order Part #: P-44TV-M-SSS-B

**Our PG Parts™ Remanufactured Engines and Compressors come with a 2-year Thermo King warranty backed by a nationwide dealer network**

## REMANUFACTURED COMPRESSORS

We offer a variety of Carrier compressors for your convenience. To determine the correct model you need, verify the model or part number on the Carrier compressor you are replacing. Carrier compressors come in a number of varieties, with some of the differences not being visually apparent, therefore, it is important for you to verify the model or part number required for your application.

NOTE: Compressors are furnished without oil. Installer must add the proper type and quantity of compressor oil compatible with the specific Carrier refrigeration system being serviced.

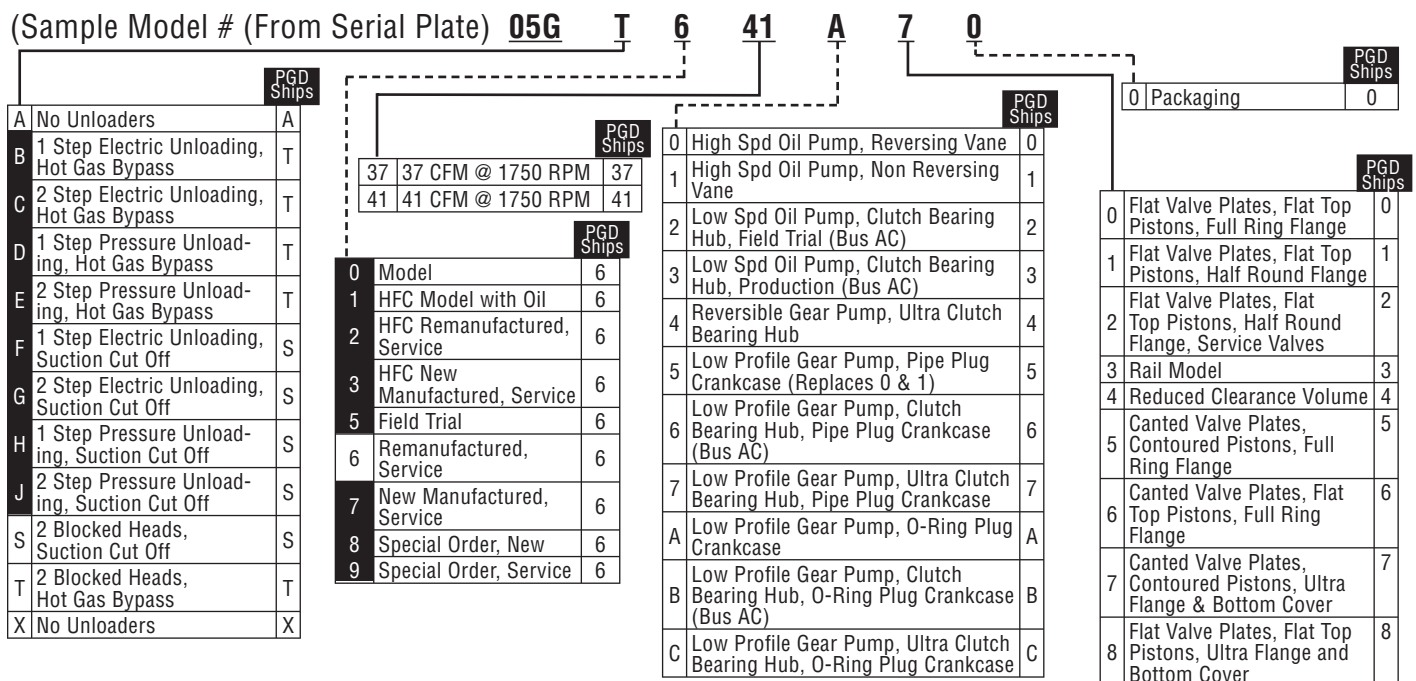

### PG Parts Remanufactured Compressors:

- ✓ Our compressors are remanufactured in the same plant as our Genuine Thermo King compressors
- ✓ Each compressor features machined, resurfaced heads for optimal gasket sealing, resulting in longer service life and higher performance
- ✓ Our compressor cylinders are honed with an advanced honing machine to deliver higher capacity performance and reliability resulting in longer ring life and better life of the compressor
- ✓ Compressor specifications match Carrier OEM standards

#### PG PARTS GEAR BOXES BENEFITS:

- Spiral cut gears (vs. straight cut) to offer higher HP and RPM capacity and reduces 'foaming'
- Tapered roller bearings (vs. ball) for better shaft support and gear life
- Viton seals (vs. Nitrile) for longer seal life
- High temperature synthetic oil to reduce 'foaming'
- No venting needed

### Coverage

- Warranty coverage commences on the date the part is sold by the dealer
- Includes PART ONLY for Aftermarket Parts
- Labor to replace a defective part that fails within the warranty period is at the owner's expense
- Coverage EXCLUDES labor to remove & replace assembly from unit, motor oil, and refrigerant or other miscellaneous or incidental material, parts or labor
- The unexpired portion of the original new unit warranty shall supersede the replacement parts warranty in any case where applicable

The following statement of warranty appears on the reverse side of the customer's copy of the Warranty Registration report for Major Service Parts:

### Manufacturer's Warranty

Subject to the conditions hereinafter stated, Thermo King Corporation ("Thermo King") warrants its parts to be free from defects in material and workmanship for a period of 90 days from the date of original sale by a Thermo King Dealer, unless Thermo King has notified the owner in writing of an extended warranty on a specific part. Such warranty extends only to the original owner of the equipment and is limited to Thermo King's option to repair or replacement with new or remanufactured parts at an authorized Thermo King dealer or service agency of any parts which are found by Thermo King to have been defective under normal use and service within the specified warranty period. Such repair or replacement shall be the owner's exclusive remedy and correction of defects in the above manner shall constitute complete fulfillment of all obligations and liabilities of Thermo King with respect to the parts sold hereunder, whether based in contract, in tort (including negligence and/or strict liability), or otherwise. The decision of Thermo King shall be final and conclusive on any question in connection with the application or scope of this warranty.

### Warranty Services

Any defective part will be repaired or replaced under the terms of this warranty by an authorized Thermo King dealer or service agency without charge to the owner except for labor and incidental expenses, unless Thermo King has notified the owner in writing that certain labor cost are covered. Any part which is replaced shall become property of Thermo King. Such warranty services will be performed by authorized Thermo King dealer or service agency at its premises during regular working hours and will not include overtime, mileage, telephone calls or telegrams, cost of transportation and/or relocation of equipment or personnel, or other incidental expenses. Where repairs under warranty are made outside the United States, the owner will be charged any customs duties and taxes applicable to the parts and labor in accordance with the regulations of the country where such warranty repairs are performed. This certificate when presented to an authorized Thermo King dealer or service agency entitles the original owner to receive the foregoing warranty services. If the registration plate is blank and the owner cannot establish the date in service, the Thermo King dealer or service agency is not authorized to render the warranty services without charge. If a charge is made, the owner must present the defective part and its paid invoice to the Thermo King dealer from whom the part was purchased for validation with Thermo King. The owner should make every effort to receive warranty services from the Thermo King dealer who sold the part. Thermo King's warranty does not include consumable or maintenance items, such as, but not limited to, engine oil, lubricants, fuses, fuel, filters and filter elements, glow plugs, cleaning materials, light bulbs, refrigerant gases, driers and batteries.

### Limitation of Liability

Thermo King's warranty shall not apply to any equipment which (i) has been so installed, maintained, repaired or altered as, in Thermo King's judgment, to affect its integrity, (ii) has been subject to misuse, negligent handling or accident, or (iii) has been operated contrary to Thermo King's printed instructions. Thermo King or any authorized Thermo King dealer or service affiliate shall have the right to require that the owner provide maintenance records to show that the equipment has been properly maintained. THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ALL WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ALL WARRANTIES ARISING FROM COURSE OF PERFORMANCE OR DEALING OR USAGE OF TRADE, EXCEPT OF THE TITLE AND AGAINST PATENT INFRINGEMENT.

Thermo King shall have no liability in contract or in tort (including negligence or strict liability) or otherwise, for any injury or damage caused to vehicles, content, product cargo or other property or for any special, incidental, indirect or consequential damages whatsoever, including, but not limited to, loss or interruption of business, lost profits and loss of use. The remedies of the owner herein are exclusive and the total cumulative liability of Thermo King shall in no event exceed the purchase price of the part in which such liability is based.
