

## *Remote Hour Meter*

*For the TriPac™ Hybrid Auxiliary Idle Reduction and Temperature Management System.*

# Remote Hour Meter for your TriPac™ System

The TriPac remote hour meter provides convenient and dependable access to the accumulated hourly operation of the TriPac system and the ESPAR heater.

- Designed be mounted either in the trucks cab next to the drivers seat or in the bunk near the service door.
- Provides technicians the ability to track and record TriPac and ESPAR hours of operation without entering the cab of the tractor.
- May be ordered with your initial TriPac installation or installed as an aftermarket option.
- Multiple face plates allow for vertical or horizontal mounting.
- Backed by the Thermo King Dealer Network. Purchase, installation and service — no one supports you like the King of Cool.
