

Better Life MOBILITY TIMES

Third Issue | WINTER Edition 2007-2008

HERE WE GROW AGAIN

Better Life Mobility Center is heading west and setting up shop in San Diego. That's right America's Finest City is now home to the newest Better Life Mobility Center. With two stores we've increased our volume buying power, which means we'll be able to pass the savings on to you, our loyal customers. Beyond great prices, we will continue to provide the same top-notch cus-

tommer service you've come to expect from us. We are there for you every step of the way and now we are able to accommodate more of our large southern California customer base. In fact, a third location is already being scouted; so don't be surprised to see a Better Life Mobility Center popping up in your neck of the woods.

NEW '08's
are
HERE

The new 2008 Toyota's are here and they are better than ever. Stop by and see for yourself why this vehicle is our most popular selling accessible minivan. The best part is that you won't have to break the bank to drive one home. Come in for a test drive today.

The Toyota Customer Service Satisfaction Reports are in and once again, Better Life Mobility Center's lead the pack.

A Letter from the President

Time to Give Thanks

With the year coming to an end, it's always good to reflect back and think about all that we are grateful for. 2007 has definitely been a banner year for Better Life Mobility Center and we couldn't be happier. Since day one we've made our customers our top priority and every year

that is number one on our New Year goal list. We are constantly striving to serve you better. We have big plans for BLMC in the next year and hope you all join us on this incredible journey.

Personally, I'm grateful to have such amazing family and friends and their loyalty and support is priceless. Of course, we know that none of our success would be possible without you and are thankful for the opportunity to help make your life a little better. So if you are feeling blue during this time of year, just think about all the things you should be grateful for. Look outside the window. Ask yourself...is there anywhere else in the world you would rather be? Be grateful to live in such a beautiful country. A country where being disabled isn't a life sentence to depression and inactivity. A country that has no ADA laws and doesn't hide people with disabilities from view. A country where anyone has the freedom to achieve whatever they want...even those with disabilities.

The sky is the limit, so let's not forget that. Let's give thanks for what we do have and make the best out of each and every day. Remember, 2008 is just around the corner and it promises to be an even better year!

Sincerely,

Mo Abusham

Community Corner

National Multiple Sclerosis Society presents **WALK MS**. Each year walkers 'join the movement' to **FIND A CURE** for multiple sclerosis. In 2007, the MS WALK was a great success raising \$110,000! Over 600 people registered for this event and they had over 80 volunteers.

The money raised will go to local clients services, to meet the needs of those affected with MS, for their families and to help fund research. Services include free educational programs and publications, newly diagnosed programs, referrals to health professionals, support groups, government and employment advocacy and the promotion of public awareness about the need for accessibility.

The walk will take place on
Saturday, May 3, 2008 at **Providence**.
7051 N. Hualapai Way Las Vegas, NV 89149.

A new addition to the Better Life Family, **Joaquin Picazzo**.

He has been serving the people of Las Vegas since 2006 and now continues his passion at Better Life Mobility. Stop by and say hello to our newest mobility family member.
