

The NEW era

of Infloor Pool Cleaning Systems

Looking
to build
a new
POOL?

Pool filter, pool cleaner, pool plumbing - confused by all the swimming pool equipment and pool cleaning options out there?

Paramount Pool and Spa systems has provided you with the easiest choice for a swimming pool cleaner by developing the most convenient and technologically advanced automatic pool cleaner systems. Our pool cleaning and circulation products work in conjunction with the pool filter to provide you with wonderfully clean water - automatically!

Regardless of your pool cleaning equipment needs, Paramount has in-floor spa and pool cleaning systems that will also circulate the water efficiently, saving you money on heating and pool and spa chemicals.

Your pool builder can help explain your swimming pool filter, pool plumbing, and swimming pool equipment options.

Whether you need an automatic pool cleaner for concrete, vinyl, or fiberglass pools, or spas, Paramount manufactures a spa or pool cleaner that will provide you with superior spa and pool cleaning and circulation.

With five different automatic pool cleaner options, Paramount has a pool cleaner for floors, steps, benches, fountains, walls, and spas that will automate the pool cleaning process and leave you to enjoy your pool.

In addition to in-floor automatic pool cleaner systems, Paramount offers [waterfalls](#), [pool climate controllers](#), [purifiers](#), that will enhance your pool experience beyond your expectations!

Make sure your pool is Powered by Paramount and talk to your pool builder about your pool filter and pool cleaner options today!
