Pet Urine Remediation

Surface cleaning of pet urine spots is not effective 75% of the time. Sub-surface extraction removes urine through carpet and pad. Our solution removes odor and stain at the same time.

\$49 per 3 Sq Ft area. 90% success with one visit. Sometimes it takes multiple treatments (trips) when urine contamination is at a high level.

\$95 FLAT RATE For return visit to touch up wicked-up urine spots. This is required for only 10% of urine remediation jobs.

Furniture Cleaning

Your furniture should be cleaned at least once a year after an initial restorative cleaning. You get a thorough cleaning, sanitizing and protectant application with our deep cleaning process.

ESTIMATING POLICY

We Give FREE Telephone Estimates. Local on-location audit inspections are billed at \$89.00 for inspection, report, and quote. Outlying areas - mileage charges apply. Inspection fee is credited towards cleaning bill with signed contract

Truck Mileage Charge: \$3.00/mile each direction for remote areas. Mileage charges may be eliminated if multiple homes or businesses can be done in one trip or if invoice ticket is greater than \$550.00.

AREA RUGS - ORIENTALS, SILK, WOOL, CUSTOM WEAVES

Area rugs are often difficult to clean because of high pile densities. If they are lightly soiled they can be cleaned on location. Most often, rugs are laden with embedded dirt and must be "immersion cleaned". These base charges are a guideline. We reserve the right to vary pricing based on rug conditions.
