

North Rim Grand Canyon Sept 12 -13!

The Desert Riders Club traveled over 600 miles roundtrip to the beautiful North Rim of the Grand Canyon. Except for a brief hail (!?) storm on the way there and gusty winds thru the Virgin River Gorge on the way back, the weather was most excellent.

If the South Rim is too crowded for you, the North Rim is the place. We enjoyed staying in the rustic wood cabins (just watch out not to let in the cute Chipmunks) and eating at the famous North Rim Lodge built right at the canyon's edge!

Bob and Nevin woke up extra early to witness and photograph (every 5 minutes) the magnificent sunrise as it lit up and colored the canyon walls in majestic reds, browns and greys!

A great time was had by all. Don't forget to join us on our next overnight ride to beautiful Sedona and Prescott Arizona on September 24 & 25. Call Nevin at 280-7282 for details and motel reservations.
