

**Gaited Horse Clinic
Sponsored by FOSH
2010**

**“B.L.E.S.S. Your Walking Horse”
by Bucky & Nancy Sparks of Cortez, CO
at the Dirt Floor Arena, Duluth/Proctor, MN**

The training methods that they use are deeply influenced by classical training and dressage, which over time have been adapted to the unique needs of the Walking Horse as well as other gaited breeds. The goal is to optimize the flat walk and running walk through achieving Balance, Looseness, Engagement, Softness and Soundness, “B.L.E.S.S.”

Their approach to training is device and cruelty free, relying on sound training principles, which are easily learned and practiced so you will be able to train your own horse.

In the Saint level, the focus will be on gaining control of the four corners of the horse, a flawless rein back and halt, and reining the horse with seat and leg.
