

Take Bob's Challenge!

October 1 – December 1, 2009

Buy a Haybuster 2650 balebuster from **October 1 through December 1, 2009** and if you aren't pleased with its 30 day performance, Haybuster's VP of Sales, Bob Strahm, will buy it back!

Bob's Challenge: *"If, within 30 days of your purchase, you are not completely satisfied with the performance of the Haybuster 2650, I'll buy it back! No questions asked."* **Bob Strahm**

With the 2650, process hay and silage bales in any condition, place hay for bedding, and maximize feed efficiency. The 2650 is a self-loading operation that averages 25% hay savings and has the ability to carry two bales at once.

2650 Specifications

- Inline P.T.O driveline
- Patented shredder chamber with 3 chain slat conveyor
- Two stage bale loader
- Easily adjustable slug bars
- Rotor access door
- Oil bath chain case – increases rotor speed by 20%
