Sunday—9 a.m. to 12 Noon

Safe Prescription Disposal Now At Bellevue Drug

In response to news about the presence of pharmaceuticals contaminating the water supply and teenage abuse of prescription drugs, Bellevue Drug has joined the National Community Pharmacists Association (NCPA) program for the safe disposal of prescription medication. The Take Away Environmental Return System ensures that unused or expired prescription drugs are safely disposed of, protecting our children from the potential for prescription drug abuse, as well as, protecting our environment.

We know that flushing unused medication poses a threat to our water supply and throwing them away may not ensure that your drugs are safely disposed of either. As members of the community, our pharmacists are ideal candidates to make certain that your unused or expired drugs are given proper handling for safe disposal.

Both prescribed medications and over the counter (OTC) medications can be accepted for disposal. The Take Away program is proven safe and effective and adheres to all

state and federal regulations.

Patients of any pharmacy are invited to safely dispose of their unused or expired medications at Bellevue Drug, free of charge. Simply bring in the drugs in their original stock containers or bottles. Our pharmacists will utilize the Take Away Environmental Return System to dispose of your returned medications in a safe, secure and environmentally friendly way. For further information about this program, please ask to speak to one of our pharmacists. We are here to help.

For Excellent Customer Service—

- Have your insurance cards with you for faster service.
- Call your refills in ahead—Press "6" for the Refill Voicemail Box.
- Can't find what you need? Please ask our staff, as we can probably place a special order for you.
- We are open 7 days a week for your convenience.

Freedom of Choice

We believe you should be able to obtain services and fill prescriptions at the pharmacy of your choice. For information about how to make your opinions count, ask Carla or Gwyn for more information. It is time to speak up and be heard!

Patients of any pharmacy are invited to safely dispose of their unused or expired medications at Bellevue Drug, free of charge.

Bellevue Drug—Open 7 Days For Your Convenience.

With construction beginning on Bellevue Avenue you may find that getting around downtown could be a bit confusing. During street work Monday through Thursday, please access the pharmacy from Central Avenue to Vine then onto Third Street to the parking lot behind us. After 5 PM each day (Mon-Thurs) the barriers are removed for the evening.

Our store hours are:

Monday—Friday:

9 am to 9 pm

Saturday:

9 am to 6 pm

Sunday:

9 am to 12 Noon

609-561-0825

Press “6” to order refills.

Simplify your schedule

Ask us, and we will process your prescription order while you wait.

Don't forget to bring your insurance cards with you for faster service.

Over 60 Years of Experience!

For 60 years you have trusted Bellevue Drug Company to provide you with your prescription and home healthcare needs. We are proud of our heritage and the trust you have placed in us. We are committed to continuing to provide the services and support needed for the members of our community.

With the ever-changing landscape in the health-

care industry, and the increased amount of restrictions on benefits by insurance companies, we see an increasing number of people who do not receive the benefits they would expect from their insurance companies. Restrictions such as: Mandated Mail Order Required; Prior Authorization; Refills Not Allowed. The list keeps getting longer and longer.

It is time to let your voice be heard!

Bellevue Drug will go the extra step, to assist you in resolving those complicated issues that arise with your prescription benefits. Our knowledgeable staff will take the time to work with you, whether you have a question about your insurance coverage, require a special item or service, or if you are being denied of benefits or services because of mandated issues by your insurance company.
