WPS-500-2 - Standard Series Top
(Fits Series 10 – 2008 & 2009 6X6)

This is our top of the line Standard Series composite WPS (Weather Protection System) with built-in visor, ribbed design, and sliding safety glass rear window, this allows for ventilation of the passenger compartment. Two floodlights are mounted under the visor for their protection. Two rear cargo lights illuminate the box area and whatever else is behind, plus a third stop light, all built into the top. There is a dome light for the interior of the WPS, along with a plush head liner that provides insulation and sound deadening. All wiring harnesses are custom fabricated to plug into the existing electrical system. Installation kit is complete with primarily stainless steel hardware and instructions. There is also an electrical panel, with fuse protection and additional fuse connections.

Colors: Dark Green, Delta Green, Black, Midnight Blue, Red, Midnight Red, and Camouflage

Note: Our battery box can be added to this system. The part number is WPS-100-500.

Note: On "05 & Newer" models, 500 & 700XP series machines, the original factory installed battery remains in place, and is connected parallel with the new larger battery. The '05 model machines will have dual batteries.

WPS-501-2 - Economy Series Top
(Fits Series 10 – 2008 & 2009 6X6)

This is our top of the line Economy Series composite WPS (Weather Protection System) with built-in visor and sliding safety glass rear window, this allows for ventilation of the passenger compartment. A plush headliner provides insulation and sound deadening. Installation kit is complete with primarily stainless steel hardware and instructions. It is the same attractive styling, color match gel coat finish, and quality construction as the Standard Series top only without the light and electrical package.

Colors: Dark Green, Delta Green, Black, Midnight Blue, Red, Midnight Red, and Camouflage

WPS-500-1 - Standard Surrey Top
(Fits Series 10 – 2008 & 2009 6X6)

This is the Standard Series color matched composite WPS (Weather Protection System) with built-in visor, along with plush headliner material. Additional features include two rear cargo flood lights, and third stop light built into the top panel. An interior dome light is mounted in the overhead pod. This is the same styling, detail, and quality construction as our Standard Series WPS, but without the back panel.

Colors: Dark Green, Delta Green, Black, Midnight Blue, Red, Midnight Red, and Camouflage.

NOTE: Our back panel with the sliding safety glass rear window can be added at a later time.

NOTE: It is suggested that a windshield not be used with either of the Surrey WPS installations. There is a tendency, while operating in dusty conditions, for dust and dirt to collect in the cab area. If a windshield is to be used, we suggest our WPS-101 Tip-Out. When it is opened, it allows for air flow through the cabin area.

WPS-501-1 - Economy Surrey Top
(Fits Series 10 – 2008 & 2009 6X6)

This is the Economy Series color matched composite WPS (Weather Protection System) with built-in visor and plush headliner material. It provides protection from the sun while maintaining the open air feeling of the vehicle. This WPS can be equipped with our front flood light kit for better illumination at night. It has the same attractive styling, attention to detail, and quality construction as the Standard Surrey, but without the light and electrical package.

Colors: Dark Green, Delta Green, Black, Midnight Blue, Red, Midnight Red, and Camouflage.

NOTE: Our back panel with the sliding safety glass rear window can be added at a later time.

NOTE: It is suggested that a windshield not be used with either of the Surrey WPS installations. There is a tendency, while operating in dusty conditions, for dust and dirt to collect in the cab area. If a windshield is to be used, we suggest our WPS-101 Tip-Out. When it is opened, it allows for air flow through the cabin area.

-

WPS-101 - Tip-Out Front Windshield
(Fits Series 10 – 2008 & 2009 Crew & 6X6)

The frame is powder coated black heavy gauge steel, with laminated automotive grade safety glass for your protection. There are heavy duty hinges with gas struts to aid in opening, along with a positive locking latch. All installation hardware is included. Windshield is pre-drilled to accept either our Single Arm, or Dual Arm Wiper System. This windshield gives you either the open air effect, or the protection of the windshield. It includes the WPS-101TL (Tip-Out Limiter) in the box at no extra charge.

Colors: Black or Camouflage

-
- | | |
|--|-------------------------|
| • WPS-101 Tip Out Windshield | \$869.95 MSRP |
| • WPS-101C Tip out Windshield Camo | \$1,167.95 MSRP |
| • Shipping Box Size: 65X45X8 | Weight: 103 LBS. |
| • WPS-101TL Replacement Tip Out Limiter | \$29.95 MSRP |
-

WPS-111 - Fixed Glass Front Windshield
(Fits Series 10 – 2008 & 2009 Crew & 6X6)

This windshield is built tough. It is powder coated black, heavy gauge steel with laminated automotive grade safety glass for your protection. It is installed in the same manner as the Tip-Out Windshield, and includes primarily stainless steel mounting hardware. Windshield is pre-drilled to accept either our Single Arm, or Dual Arm Wiper System.

Colors: Black or Camouflage

-
- **WPS-111 Fixed Glass Windshield** **\$521.95 MSRP**
 - **WPS-111C Fixed Glass Windshield Camo** **\$759.95 MSRP**
 - **Shipping Box Size: 65X45X8** **Weight: 80 LBS.**
-

WPS-108 - Rear View Mirror
(Fits Series 10 –2009)

This mirror can be installed on the WPS-101 Tip-Out Windshield, or the WPS-111 Fixed Glass Windshield. It is a Day/Night Mirror, with mounting tab and adhesive included in the kit. This mirror is double jointed and can be applied to all glass windshields.

-
- **WPS-108 Rear View Mirror** **\$26.95 MSRP**
 - **Shipping Box Size: 13x7x5** **Weight: 2 LBS.**
-

WPS-115 - Single Arm Wiper System
(Fits Series 10 – 2008 & 2009 6X6)

Our economy model Single Arm Wiper System is for use on our WPS-101 Tip-Out Windshield and our WPS-111 Fixed Glass Windshield. It features a slightly longer arm that provides good visibility for the driver's side of the vehicle and partial on the passenger's side.

-
- **WPS-115 Single Arm Wiper System** **\$205.95 MSRP**
 - **Shipping Box Size: 26X7X6** **Weight: 5 LBS.**
-

WPS-116 - Dual Arm Wiper System
(Fits Series 10 – 2008 & 2009 6X6)

This is our best system, featuring dual wiping arms driven by a single motor that provides excellent clearing. This system is designed for use with our WPS-101 Tip-Out Windshield and our WPS-111 Fixed Glass Windshield. Wiper arms will automatically park towards the passenger's side of the windshield when turned off.

-
- **WPS-116 Dual Arm Wiper System** **\$387.95 MSRP**
 - **Shipping Box Size: 26X7X6** **Weight: 12 LBS.**
-

WOC-1125 Universal Windshield Washer System

-
- **WOC-1125 Windshield Washer System** **\$41.95 MSRP**
-

WPS-112 - Doors, Soft Cover Side Panels
(Fits Series 10 – 2008 & 2009 6X6)

Our two piece Soft Cover Side Panels provide additional comfort and protection to you and your vehicle. They consist of two frame halves. The lower panel contains hinge pins and flush mounted latch. The upper and lower panels have marine grade clear vinyl windows with a zipper flap in the upper panel. All covering material is designed to function in extreme temperature conditions. Hinge brackets are heavy gauge powder coated steel that easily attach to your vehicle. The two hinge pin system allows for easy installation and removal of the panels. The quarter turn latch and large striker bar offer a positive closure. The lower side panels can be installed without the upper half being attached, offering leg protection while you have fresh air and an unobstructed view.

Note: When ordering be sure to specify Year of vehicle

WPS-132 RangerWare Steel Door System
(Fits 2005 - 2008 & 2009 Crew 6X6)

The WPS-132 Steel door system features great sealing, with lower glass to see what is along side you. Both upper & lower windows are aluminum framed safety glass. The upper window is a sliding window that even features a screen to help keep the critters out. To keep with our "First in First Class" concept we have an extremely nice flush mounting, lockable latch and handle system that also has an ergonomically designed interior handle that make the door super convenient to open and close..... You just have to see them to realize the quality!

WPS-204-500 Heater System for 500cc

This is a heater system for a 500 cc that includes a flow control valve and thermostat housing adapter. This will fit models 2008 and older.

-
- **WPS-204-500 Heater for 500cc w/ valve & thermostat \$594.95**
-

WPS-204-700 Heater System for 700cc

This is a heater system for a 700 cc that includes a flow control valve and thermostat housing adapter. This will fit models 2008 and older.

-
- **WPS-204-700 Heater for 700cc w/ valve & thermostat \$594.95**
-

WPS-104-5B Upgrade Kit for Full Flow Control 500cc

WPS-104-7B Upgrade Kit for Full Flow Control 700cc

These kits allow you to upgrade existing heaters in the 500 cc and 700cc to have the flow control valve and thermostat housing.

-
- **WPS-104-5B Heater Upgrade Kit W/Valve 500cc** **\$147.95**
 - **WPS-104-7B Heater Upgrade Kit W/Valve 700cc** **\$147.95**
-

WOC – 1104 Wye Vent Kit

This kit is used as an alternative to the single oblong defrost vent. It consists of two round directional vents with a “Wye” splitter and additional ducting.

-
- **WOC – 1104 Wye Dual Defrost Kit** **\$49.95**
-

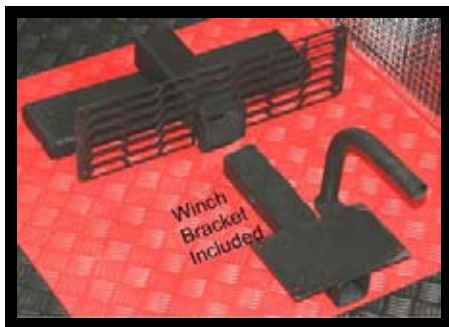

WPS-104 - Heater System

(Fits Series 10 – 2008 500 & 700 & 2009 Crew & 6X6)

The Heater consists of a high output two-speed fan with two directional outlets in the side kick panel foot well area, and one defroster outlet mounted in the dash. The rest of the heater components are mounted under the hood, out of sight and do not take any space away from the passenger area. This is as close to an OEM installation as possible. It fits all 500 and 700XP Series machines 2008 and older and comes complete with installation kit and instructions.

-
- **WPS-104 Heater System** **\$459.95 MSRP**
 - **Shipping Box Size: 16X11X11** **Weight: 19 LBS.**
-

WPS-130 - Front Hitch
(Fits 2005 - 2008 Models)

This is a mid-front mount 2" receiver hitch that includes a replacement grill as well as winch mount carrier so that you can move your winch from front to back with ease.

-
- **WPS-130 Front Hitch** **\$236.95 MSRP**
 - **Shipping Box Size: 16x16x13** **Weight: 19 LBS.**
-

WPS-118 - Nerf Bars
(Fits 2005 – 2008 Models)

Our Nerf Bars are a single tube design. They come in a Crinkle finish and fit "05 and newer" 4x4 vehicles only. The Nerf Bars angle out from front to back to aid in protecting the side of the vehicle.

-
- **WPS-118 Nerf Bars** **\$369.95 MSRP**
 - **Shipping Box Size: 41x9x9** **Weight: 23 LBS.**
-

WPS-150 - Power Bed Lift
(Fits 2008 Models)

You will never have to leave the driver seat. How much easier can it get!!! This hydraulic actuator allows full dumping or proportionate bed height for spreading loads. The hydraulic actuator features a load capacity of 2500 pounds. That's more than double the recommended load capacity of the vehicle. With exceptionally quiet and smooth operation, travel of up to 2" per second up or down can be expected. This uniquely designed hydraulic actuator is durably built for long life with completely sealed hydraulics. This product is a must have for the hard worker or the person who likes "cool" accessories.

-
- **WPS-150 Power Bed Lift** **\$579.95 MSRP**
 - **Shipping Box Size: 23X9X6** **Weight: 14 LBS.**
-

WPS-102 - Rear Bumper Assembly
(Fits 2005 – 2009 Models)

This Bumper consists of two 1 3/4" steel tubes, with wrap around ends. It is powder coated in either gloss black, or crinkle coat black to match your vehicle. It is easy to install, attaching under the dump box. The kit includes all brackets and necessary hardware. For installation on a 6x6, please supply us with year of vehicle. There may be restrictions on some models. When ordering, stipulate both the year and the model that the unit will be installed on.

NOTE: If you wish to install our WPS-105 Mud Flaps, this Bumper System is required.

NOTE: If used on a 6x6 it will reduce box travel.

-
- **WPS-102 Rear Bumper Assembly** **\$189.95 MSRP**
 - **Shipping Box Size: 63X6X7** **Weight: 26 LBS.**
-

WPS-105 - Rear Mud Flap
(Fits 2005 – 2009 Models)

This Mud Flap has a black pebble finish, is 12"x20"x1/8" with heavy steel powder coated attachment brackets. Mud Flap brackets mount to our WPS-102 Rear Bumper attaching brackets. The Mud Flap is designed for use on 2x4, 4x4, and 6x6 machines.

Note: WPS-102 Bumper is required to mount WPS-105 Mud Flap.

-
- **WPS-105 Rear Mud Flap** **\$57.95 MSRP**
 - **Shipping Box Size: 23X13X3** **Weight: 5 LBS.**
-

WPS-110 - Wheel Well Liner
(Fits Series 10 – 2008 500 Series)

These are thermo molded vinyl liners which protect the battery box and gas tank from dirt, mud, and debris being thrown off your tires. They are easy to install, left and right sided. The left side can be easily removed to allow access to the battery area. This accessory helps keep your vehicle looking new, longer.

NOTE: Units will mount on any model of 500 Series vehicle. Some trimming may be required.

NOTE: ***Wheel Well Liners will not fit and should not be installed on the 700XP Series vehicle.***

-
- **WPS-110 Wheel Well Liner** **\$89.95 MSRP**
 - **Shipping Box Size: 20X20X7** **Weight: 6 LBS.**
-

WPS-09-100 - Auxiliary Battery Box

Auxiliary battery box for all 2005 & newer models.

-
- **WPS-09-100 Auxiliary Battery Box '05 & Newer** **\$141.95**
-

WPS-100 - Large Capacity Battery Box
(Fits Series 10 – 2004)

This battery box replaces the factory original battery box from the first Series 10 machine, through the '04 Series. All of these units have the factory battery installed under the driver's seat. The Large Capacity Battery Box allows for the installation of an automotive, side post terminal, Series 70 style battery. It provides higher electrical capacity than the original installation. This is a recommendation if your plan is to install such accessories as WPS-107 Floodlights, WPS-104 Heater System, either of our Windshield Wiper Systems, or other electrical components.

WPS-100-05/XP - Large Capacity Battery Box
(Fits 2005 – 2008 & 2009 6X6)

This box can be installed in either the "05" 500 Series, or the 700XP Series machines. The Large Capacity Battery Box installation allows use of an automotive, side post terminal, Series 70 Style battery, for increased electrical capacity.

(For this installation, the original factory installed battery remains in place and is connected in-parallel with the new larger battery.)

This installation kit includes the following:
 steel battery box, mounting brackets, and 60amp fuse protected harness.

-
- | | | | |
|---|---------------------------|--------------------------------|------------------------|
| • | WPS-100 | Battery Box | \$153.95 MSRP |
| • | WPS-100-05/XP | Battery Box For '05/XP | \$275.95 MSRP |
| • | WPS-100-XP Crew | Battery Box For XP Crew | \$309.95 MSRP |
| • | Shipping Box Size: | 16x16X13 | Weight: 22 LBS. |
-

WPS-117 - Transportation Protection Cover
WPS-119 - Transportation Protection Cover For Crew
(Fits Series 10 – 2008)

This is a durable cover designed for open trailer towing and/or to provide storage protection for the vehicle. It allows you to locate your vehicle on the trailer facing front or back and leaving it fully equipped with doors and all. The fabric is “**Softtouch by Odyssey**”. It is waterproof woven polyester, with a polyester felt lining which helps protect the finish of the vehicle. The manufacturer of “**Softtouch**” warrants the fabric to be free from defects for a period of five years. All stress points are reinforced to provide longevity of the product. The cover features a snap-in panel in the front located in the winch area for those who use the winch as a method of securing the vehicle to a trailer. It is also vented to keep moisture from collecting under the cover. The bottom of the cover features a ratchet rope to tighten the cover securely around the bottom of the tires completely covering the vehicle. Tie down openings are provided in both the front and the back of cover for securing vehicle to the trailer.

Styles: 4x4 or 6x6
 Colors: Black or Forest Green

-
- | | | |
|------------------|--------------------------------------|----------------------|
| • WPS-117 | Transportation Cover | \$513.95 MSRP |
| • | Shipping Box Size: 26X18X13 | Weight: 23 LBS. |
| • WPS-119 | Transportation Cover For Crew | \$588.95 MSRP |
| • | Shipping Box Size: 26X18X13 | Weight: 30 LBS. |
-

WPS-786 - Sunroof
(Fits Series 10 – 2009)

The Sun Roof can be installed on any Ranger *Ware* Weather Protection System. The Sun Roof offers additional ventilation and also creates an open feeling within the passenger area.

-
- **WPS-786 Sunroof** **\$289.95 MSRP**
 - **WPS-786 Sunroof Installed In Top** **\$299.95 MSRP**
(When ordered with Top)
 - **Shipping Box Size: 33X21X4** **Weight: 16 LBS.**
-

WPS-122 - Front Roof Stiffener

This support bracket was designed to allow the vehicle to be towed on a trailer facing forward. Ranger *Ware* requires removing the doors before towing. If you have the ribbed style WPS System, you do not need this item.

-
- **WPS-122 Front Roof Stiffener** **\$48.95 MSRP**
 - **Shipping Box Size: 63X8X6** **Weight: 9 LBS.**

WPS-551 - Top to Windshield Mounting Bracket

This Bracket is used for installing a WPS-500, WPS-501, WPS-520, or WPS-521 with a non-Ranger *Ware* windshield.

-
- **WPS-551 Top to Windshield Bracket** **\$46.95 MSRP**
 - **Shipping Box Size: 63X8X6** **Weight: 9 LBS.**

WPS-555 - Top Mounting Bracket Without Windshield

This Bracket is used for installing a WPS-500, WPS-501, WPS-520, or WPS-521 without a windshield.

-
- **WPS-555 Top W/O Windshield Bracket** **\$46.95 MSRP**
 - **Shipping Box Size: 63X8X6** **Weight: 10 LBS.**
-

WPS-140 - Pre-Loader for Front Strut
(Fits Series 10 – 2008 & 2008 - 2009 Crew)

The WPS-140 Pre-Loader was designed to give a little lift and add stiffness to the front of the vehicle when adding extra weight such as baskets and plows or anything else that adds weight to the front of the vehicle.

-
- **WPS-140 Pre-Loader for Front Strut \$89.95 MSRP**
 - **Shipping Box Size: 9x4x3 Weight: 3 LBS.**
-

PLK-700R-00 - High Lifter Lift Kit

WPS-172 - Ranger Truck Wheel Adaptors

- ❖ ¾ or 1 Ton 8-Lug Wheel Adaptors
- ❖ GM bolt pattern 8 on 6.5
- ❖ 1 ½ inch aluminum adaptor
- ❖ All installation hardware included, except truck wheels, lug nuts, & tires
- ❖ Lift kit required
- ❖ Proper tire diameter must be measured for depending on the amount of suspension lift used. Example: 2" lift will usually accommodate up to 28" total tire diameter for light duty use. Wheel diameter doesn't matter
- ❖ Stud thread size 1.5X14mm
