

Spa Opening Form

Its spa time again! Spring is right around the corner and that could only mean one thing. It's time to get the spa up and running for the season.

Here's what we do when you have us open your spa:

We will clean out the spa, remove the plastic liner and/or anti-freeze that were used to winterize the spa, install all jet and suction fittings, clean and protect the cover with a special vinyl cleaner, fill and start up the spa. We then check all of the spa equipment components, filter, heater, pump, and controls. We can also check your ozonator and replace it if necessary. Most spas use an ozonator, which is a highly effective sanitizer. This helps keep your spa water clear and healthy. These units **typically only last 2-5 years** depending of the brand used. Minor repairs can also be done at this time if needed. A travel charge is assessed when applicable.

Spa Opening: Minimum \$175.00 \$225.00 after May 1st.

All work is billed out on a time and material basis at \$85.00 per hour.

We highly recommend that you have the spa opened no later than May 1st before the minimum charge goes up to \$225.00 and to also avoid scheduling delays.

Please fill out the form below and mail or fax it back to us so we can schedule your preferred spa opening date as soon as possible.

Name _____ Home Phone _____
Address _____ Work Phone _____
City _____ Email Address _____
