

Pool Opening Information Sheet

Above Ground Pools:

Minimum \$215.00

We will drain, clean, and store the pool cover, vacuum the bottom and brush the walls of the pool as best as possible assuming we can see the bottom, install the ladder, pool fittings, and hoses. If someone is home we will start the pool filling and if possible, start up and test the filter system and heater. If the pool is not full we will test the filter system and heater and leave it ready for you to start up once the pool is full.

Because of the numerous sizes and conditions of above ground pools you will be charged on a time and material basis at \$75.00 per hour for crew leaders and \$50.00 an hour for laborers. There is a \$215.00 minimum charge to open any above ground pool. The average opening price is \$215 - \$325. There is a \$100.00 deposit required, refundable upon 48-hour cancellation notice less a \$10.00 processing fee.

Note: Any pool that is partially in ground with a deck around it is usually considered an in-ground pool.

In-Ground Pool Open Charge:	under 16' x 32'	\$425.00
	16' x 32'	\$475.00
	over 16' x 32'	\$525.00

Additional charges: Pools with solid covers and water tubes: \$50.00

Spa openings and repairs are billed on a time and material basis

We will drain, clean, and store the pool cover, vacuum the bottom and brush the walls of the pool as best as possible assuming we can see the bottom, lubricate and lower any deck anchors, set up all pool deck equipment, test and install any underwater lights, set up and test the pump, filter and heater, and start the pool filling. Any repairs necessary or additional spa opening work will be charged on a time and materials basis. There is a \$100 deposit required to schedule an opening date, refundable upon 48-hour cancellation notice.

Weekly Cleaning Service:

\$65.00 per week plus chemicals - \$10-\$20 more for larger pools, pools with spas, or not in local area

This service will help keep your pool in tiptop shape with minimal effort on your part.

We will check and adjust the water chemistry, clean/backwash the filter, clean all skimmer and pump baskets, vacuum the pool bottom, brush the walls and bottom, skim the debris off the top, and clean the grease/tile line.

Filter Sand Changes:

Above ground pool filters up to 200 LBS.- \$ 95.00 plus filter sand

In-ground pool filters 200- 350LBS - \$145.00 plus filter sand prior to April 17th.

Pools that use Baquacil or Soft Swim should have their filter sand changed every year.

Pools that use any type of chlorine should have their filter sand changed every 3-5 years.

Due to the overwhelming workload in the spring we will not be doing in-ground pool filter sand changes during the pool-opening season. We **highly recommend** that your filter sand be replaced prior to opening the pool. Sand changes after the pool-opening season will be charged on a time and material basis and will cost more!

Save 10% by opening your pool by April 17th

Pool Opening and Cleaning Form

Please fill out this form and mail or fax it back to us so we can schedule your preferred swimming pool opening date as soon as possible.
