

To Padonia Members and the community at large,

We have great news! The agreement between Grace Fellowship Church and Padonia Park Club has indeed been terminated. The economy played the major role in the church's decision to terminate. Even though our agreement with the church was a once in a lifetime opportunity that came to us without our pursuit, we are not distressed that it has been canceled. Rather, the outpouring pleas from members and the community, has demonstrated to us our considerable value in the community. It has given us renewed confidence, energy and enthusiasm with which to move forward in continuing to provide recreation, education and entertainment to our neighboring community. With that as our foundation, the Rigger family would like to officially announce that they will not be seeking or pursuing any further sale opportunities. We have decided that we would like to continue to provide members with a place to recreate, compete in aquatic teams, learn to swim, be entertained and continue the camaraderie that you all have built up between yourselves over the years. We'd like to continue to be an employment opportunity for young people for years to come. We look forward to providing a beautiful environment for couples to join together in marriage, have their Mitzvah or share with their corporate companions.

This experience has shown us that we are right where we are supposed to be for now and in the future, operating Padonia Park Club and Padonia Park Child Centers in Cockeysville at 12006 Jenifer Road. Thank you for your support during this time and hopefully you will give us an opportunity to continue to provide services to you with confidence and joy for years to come.

Sincerely,

The Rigger Family and all of our co-workers at Padonia Park Club and Padonia Park Child Centers
