Press Release

2005 - 2008 Ford Super Duty F250/ F350 4WD XXX Front Dual Coil-Over Conversion with Rear 5-Link Coil-Over Conversion Suspension System

2005-2007 Model Shown

2005-2007 Front Shown

**FULL BOLT-ON
SYSTEM!**

2005-2008 Rear Shown

2008 Front Shown

Pro Comp suspension offers the most complete performance suspension package available for your Ford Super Duty F250/ F350 4WD with the release of the XXX front dual coil-over conversion with rear 5-Link coil-over conversion suspension system. Up front, four MX2.75cfr Series (2008 models) or MX2.75cr Series (05-07 models) coil-over shocks multiply damping control to provide unmatched ride comfort on and off road. The coil-over shocks mount to rigid custom shock towers. 05-07 models uses shocks hoops to for allow easy mounting of remote reservoirs. 2008 models come with piggy back reservoirs and do not require the additional shock hoops. Replacement radius arms locate the axle and provide proper caster specifications. Reinforced extensions locate the bump stops for optimum suspension travel.

In the rear, CNC formed lower control arms combined with MX2.75c Series coil over shocks eliminate the need for rear leaf springs. The coil over shocks provide awesome heat dissipation for superior fade resistance and performance under demanding driving conditions while retaining unmatched ride comfort. 2" Nitrogen charged hydraulic bump stops helps control 10 inches of wheel travel. Billet clamps are included for mounting the 2.25" shock remote reservoirs to fixed locations. These clamps are machined from 6061 billet aluminum and feature a finned design that not only looks cool but helps dissipate heat transferred from the remote reservoir.

8" systems allows the use of 38" x 14.50" tires for 2008 models (37" X 13.50" for 05-07 models) on 17"+ diameter rims up to 9" wide with up to 5.5" backspacing.

6" systems allows the use of 37" x 13.50" tires for 2008 models (35" X 12.50" for 05-07 models) on 17"+ diameter rims up to 9" wide with up to 5.5" backspacing.

05-08 Ford Super Duty F250/F350 4WD XXX Front Dual Coil-Over Conversion with Rear 5-Link Coil-Over Conversion

2008 Ford F250/ F350 Crew Cab Short Bed*

8" Suspension System

Part No.	Jobber/MSRP	Weight
K4170BMXR	\$10,660.09	574 lbs

6" Suspension System

Part No.	Jobber/MSRP	Weight
K4172BMXR	\$10,660.09	574 lbs

05-07 Ford F250/ F350 Crew Cab Short Bed*

8" Suspension System

Part No.	Jobber/MSRP	Weight
K4048BMXR	\$10,660.09	574 lbs

6" Suspension System

Part No.	Jobber/MSRP	Weight
K4159BMXR	\$10,660.09	574 lbs

*Note: For Crew Cab Long Bed order additional parts:

- 1) 91-5074 (driver side frame mount)
- 1) 91-5082 (passenger side frame mount)
