

BestRail™ System shown on 2007 Chevrolet Silverado, Bed X-Tender™ sold separately – see page 53

## NEW!

### BESTRAIL™ SYSTEM

- ⊙ The BestRail™ System is a modular system that you can design to fit your needs.
- ⊙ Made of 6061-T6 aircraft grade high-strength aluminum.
- ⊙ Easy installation.
- ⊙ Complete system is designed to maximize every use of your truck bed.
- ⊙ Overhead Rack offers additional space up and over the bed.
- ⊙ Ladder Extension Rack holds up to 10 ft. in length and up to 1000 lbs. of weight evenly distributed.
- ⊙ Tie Downs 42793 are infinitely adjustable and can be used with any standard tie down straps.
- ⊙ Retractable Tie Downs can be used anywhere throughout the truck bed using the BestRail™ system. They also feature a retractable hook for easy storage and convenient placement.
- ⊙ Hard Tonneau can hold up to three Tonneau Storage Trays (sold separately) to organize the back of your bed.
- ⊙ Soft Tonneau, made out of the same premium fabric as our Supertop® for Jeep® or Truck, may improve gas mileage up to 10% by reducing tailgate drag.
