New Product Announcement Application & Description 2005-2007 Nissan Titan Light Bar

The best place to hang the latest Pro Comp Motorsports Series or reliable Explorer series lights on your 2004-2007 Nissan Titan is on this custom Pro Comp Motorsports light bar. These light bars are constructed from heavy gauge tubing and can accommodate 3 lights of varying size. Available in black finish only. Also available with three 7" 100w Motorsports driving lights or three 9" H11 Motorsports lights (100w output with the amperage draw of a 55w light).
