Part No.	Jobber/MSRP	Lift Height
LL-6000	\$229.95	1.5"

Pro Comp's new Level Lift kits are affordable and easy to install suspension leveling systems. Each system is precision engineered to raise the vehicle for a proper level stance and improved appearance. This increases vehicle ground clearance and allows use of larger diameter wheel and tire combinations. Best of all, Pro Comp Level Lift systems do not change the overall suspension or steering geometry which allows the vehicle to retain its factory ride quality. Systems are available for most popular trucks and SUVs.
