

P/N 11/31-Series

Pro Dry S™ Synthetic Dry Filters

an oil-free 50,000 mile* OER alternative

HIGH-PERFORMANCE OIL-FREE OE REPLACEMENT AIR FILTERS

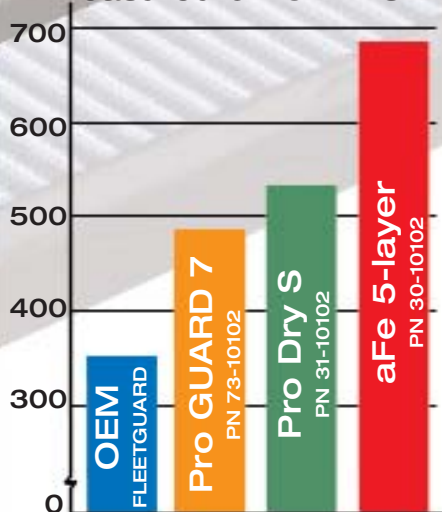

PRO DRY

- Oil-free, 2-layer synthetic media
- Extended-life 50,000 mile* filter
- Limited lifetime warranty
- Better airflow, more power
- Increase horsepower, torque, and fuel economy
- 99.4% coarse dust-test efficient**
- Quick and easy to clean

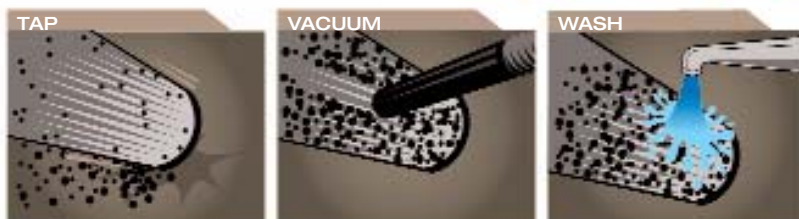

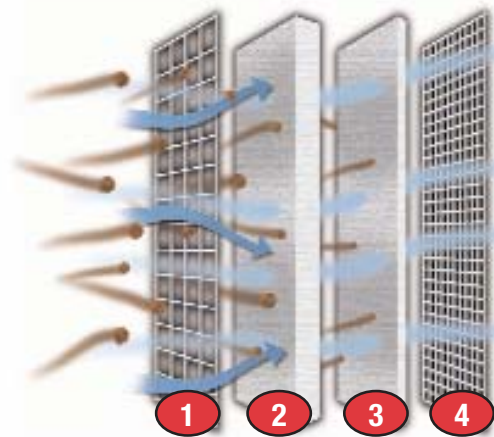

* Service interval under average driving conditions
 **Test per SAE J726 - Coarse Dust Test Procedure using 21-40035 air filter.

Please see web site or attached Jobber Sheet P/N 40-20078 for part numbers, applications, and pricing.

CFM Graph, Dodge Cummins Measured @ 1.5" H2O

Pro Dry-S

TAP-CLEAN TO 85% OF ORIGINAL AIRFLOW

VACUUM-CLEAN TO NEAR-NEW 90% AIRFLOW

FULLY-CLEAN WITH SOAP & WATER TO 100% AIRFLOW

NO SOLVENTS OR CHEMICALS NEEDED - SYNTHETIC MEDIA DRIES QUICKLY

- 1 Outer screen provides strength, prevents damage to media
- 2 High-efficiency thin layer traps remaining particles without slowing airflow
- 3 Thick layer slows air velocity so dust particles fall out of suspension and become trapped in fabric fibers
- 4 Inner screen provides support and quality without the need for additional internal structures

Pro Dry S™ Synthetic Oil-Free OE Replacement Air Filters

Available to ship April 2007 for all aFe OER filters! Pre-orders being taken now!
