# Here's how it works:

**You choose an appointment day** — the date each month you wish to pick up all your prescriptions. A week or so prior to this appointment day, you will receive a call from your pharmacy to confirm which prescriptions you want to fill.

**Your pharmacist will review your prescription list** — each month, monitor changes after your doctor or hospital visits, and check for possible drug interactions, best of all you will have time to talk with your pharmacists and ask any questions you may have about your medications.

**You receive free consultations**, the convenience of a single monthly trip to the pharmacy, and freedom from worries about forgetting to call for your refills or running out of your medications.

**Synchronize your prescriptions. Simplify your life.  
See your pharmacist today to sign up.**

## Synchronize Your Prescriptions

Save time and trouble by having a your prescriptions refilled on the same day each month.

Everything is handled for you, and you only make one trip to the pharmacy to pick up your prescriptions.
