Welcome to the first issue of the Banner Times. Our goal is to communicate with you quarterly on new products, specials and the evolution of **Banner Recreational Products**.

The third quarter has quickly come and gone, and it has again proved to be an exciting year for Banner Recreational Products.

In the last 9 months we have seen our first on-road vehicle, the new three wheeled **Can-Am Spyder**. We witnessed a REVolution (again) with **Skidoo** where BRP has dropped an astounding 50 lbs on average. **Seadoo** and **Seadoo Sportboat**, WOW, what else can I say, 255 hp race inspired PWC and a 23 ft Sportboat with the first ever retractable windshield. And finally, **Can-Am ATV** with it's already award worthy line-up, launched the new DS450, the lightest and most powerful ATV in its Class.

**A quote from the president of BRP... "You haven't seen anything yet!"**

Did you get a chance to check out our new website?...[bannerrec.com](http://bannerrec.com) If you haven't yet, it is well worth the time. Our complete lineup is there along with all of our used inventory. We are continuing to improve this site. We feel it is an important tool to communicate better with you. I hope you enjoy it.

At Banner Recreational Products we take great pride in being a better service provider for you. Your feedback is always welcome.

This newsletter is for you. Thank you for allowing us to share in your enthusiasm with the BRP line-up at Banner Recreational Products. Your business is always appreciated.

**Derek Bannister.**

**"IT'S TIME TO ENJOY THE OUTDOORS"**

### BRP:

**Western Canadian Sea-Doo Dealer of the Year: 2004 and 2006**

**BC Snowmobile Federation :**

**Dealer of the year 2005/2006 season**

**BRP Certified Dealer**

**2004, 2005, 2006, 2007**

**Okanagan Life :**

**Customer Choice: Boat Dealer**

## Can-Am Spyder Roadster Has Arrived!!!

Discover the next dimension in open road riding

Starting from \$18,499 the Spyder will turn heads. The heart of this machine is a 990cc Rotax powered engine and is the most technological advanced product in BRP's portfolio. We are currently booking demo rides and taking deposits on the Spyder roadster. Experience the Y-Factor for yourself today.

# Mission Accomplished...

## Mountain

**\$12,849**

Summit Everest 154 800R

**\$12,449**

Summit Everest 146 800R Power T.E.K.

**\$11,449**

Summit Adrenaline 600 H.O.

**\$8,299**

Summit Fan 550F

The machine that changed winter has changed it again. In 2003 Skidoo revolutionized the industry with the rev platform... that same year BRP challenged the engineers to redesign this platform and make it 50 pounds lighter. **MISSION ACCOMPLISHED.** 37% stronger, 50 pounds lighter.. amazing.. and yes, it rides as well as it looks.

### Welcome to the revolution AGAIN,

157 lbs lighter than the Yamaha Apex Mountain

66 lbs lighter than the Arctic Cat M8

48 lbs lighter than the Polaris 800 Dragon.

The new 2008 Skidoo 800 will blow your mind with it's power to weight ratio. A new level of handling, better fuel economy, optimum performance, higher highmarks, and effortless boon docking.. this machine will make you feel and be a better rider.

Skidoo is a vital part of our business at Banner Recreational Products. We appreciate your business each and every day. There has been a major evolution with Skidoo over the years and you have been there as a loyal supporter. We thank you for that, and thank you for your continued loyalty through the evolution of Banner Recreational Products.

Prices do not include destination, assembly and registration fees.

## 2008 Outlander Family

The most power, the best handling, and the greatest versatility makes Can-Am ATV "The Ultimate Ride". Every engine in the Rotax family is the most powerful in its respectful class. These best in house ATV's are also available in XT models (\$1500 in extras) and the popular MAX Series (two passenger/2 up) ATV's

To discover the technology behind the ultimate ATV on the market visit [www.can-am.brp.com](http://www.can-am.brp.com) or see us at Banner today!

\$8,749 ← 400 500 650 800 → \$15,799

## 2008 Renegade Family

Can-Am Renegade™ has captured the hearts of hardcore enthusiasts with its pulse-pounding power and precision-controlled handling. Its potent blend of extreme all 4X4 terrain capability and jaw-dropping performance delivers thrill a minute riding.

\$10,299 ← 500 800 → \$12,699

## 2008 DS Family

Creating a sport ATV with the lowest weight, lowest un-sprung weight, most mass centralization and the highest power challenged the Can-Am engineering teams in 2001. It was a "no compromise" approach that forced them to push the envelope, totally reinventing everything, from the frame and the engine, to the front and rear suspension systems. Six years later, the four challenges are mastered. Come into Banner Recreational Products today, quantities are limited.

**Muscle**

The 2008 race-inspired Seadoo features one clear advantage: no finish line. Wow, introducing the new Seadoo **RXP-X** and **RXT-X**. These two machines will leave the competition in their wake. Racing handlebars, finger throttle, racing pump and impellor, and X—traction foot wells for better gripping are only a few of the standard features on this powerhouse. Oh yeah, I forgot to mention a heart pounding 255 HP, the most powerful watercraft in the industry! Order yours today so you don't miss out. The excitement doesn't stop there.

The **GTI SE** models are available in 130 and 155 HP. These models offer you all the comfort and convenience you and your family would expect from Seadoo without the price.

To the **GTX** customers, luxury can mean different things. For most it means an incredibly comfortable watercraft that looks stunning from every angle with all the features wanted for endless hours on the water. Available in 155 and 215 HP and limited packages that include GPS, depth gauge, storage bin, etc.

The Seadoo **Wake** is the first and only watercraft designed specifically for water sports. Featuring an innovative new ballast system that sculpts the perfect wake. With retractable pylon and wake racks, Seadoo has "HIT IT" right out of the water.

## THE FUTURE OF FAMILY BOATING IS HERE!

Seadoo Sportboats can offer the freedom to boat "worry free". They bring power, handling, versatility and the peace of mind you deserve on and off the water.

I recommend to everyone to go visit [www.sea-doo.com](http://www.sea-doo.com). Seadoo has put together an award winning interactive website that may be more informative than any magazine or brochure. This Seadoo website is a great indication as to the passion that BRP puts into it's lineup of products. This website is informative, action packed, and full of all the valuable information that you would need to make when purchasing a boat. Check out the Seadoo line up today at "Get Away Bay". The future of boating is here!

The **muscle** lineup is.....muscle. The 15ft Speedster model is able to pull off maneuvers that other boaters can only watch with envy. The Speedster 200 is powered by a 310 hp or 430 hp twin Rotax engine that'll have you and six adrenaline-starved friends screaming with delight.

There's nothing finer than the 205 Utopia. With its **luxury** features and elegant lines, every inch of this beauty was designed to spoil you. Pampering you with a cushy bucket seat, a sleek burlwood dash, and loads of conveniences aimed to have you work as little as possible.

**Recreation** time only gets better when you enter the incredibly smooth 230 Challenger. Time spent on a 23-foot (7.16 meter) boat with massive interior space is a great way to spend your leisure hours. The 180 Challenger has all the benefits of an 18-foot with plenty of boat to get you and your family thru a perfect day.

The **Sport** lineup come standard with a long list of wake-friendly features and benefits that are extra-cost options on many pricier wakeboard boats. Every inch designed for those looking to go big, with 12 seats designed for those looking to watch. Rarely do you have a wakeboard boat where riding in the boat is almost as thrilling as riding behind it.

**It's time to take the plunge with the 2008 Seadoo Sportboat line-up**

Financing available to meet any budget.

**Service**

## **Seasonal SERVICE**

### *Specials*

Watercraft (including Outboards) Winterization  
Commonly Asked Questions....

**Q: If I store my watercraft in a heated garage, will it be OK?**

A: No! Condensation can still build up in the crankcase and cause rust...this is much worse than freezing.

**Q: Will my watercraft freeze if I don't winterize it?**

A: Yes, some machines can freeze if not properly drained.

**Q: Does my watercraft need the impeller serviced every year?**

A: Yes, SeaDoo watercraft have oil in the pump housing. It must be changed every year. Other brands use grease in the pump housing and need inspection or replacement every year.

**Q: Do I need to winterize my watercraft if I only used it once?**

A: Yes...if you only run it one hour, the fogging oil and anti-freeze are no longer in the system.
