KLEARVUE™

Our unique horizontal fold provides several innovative benefits. An unobstructed view from inside or outside the vehicle. An accessible van that doesn't look like a conversion van because a raised roof or lowered floor is not necessary. In fact, no further vehicle modification is needed thanks to advanced engineering that allows a longer 51" platform to fit in a shorter 48" door. The KlearVue™, designed to make the most of space, advancing the lift to a dynamic new level.
